# GRATA International will hold an online conference on issues in the field of Intellectual Property

We invite you to take part in the online conference, which will be held on **November 23, 2022**. Topic: **Contemporary issues in the field of protection of IP objects** in GRATA International countries: Belarus, Kazakhstan, Mongolia, Russia, Uzbekistan.

Protection of intellectual property is one of the most important areas of law. In the age of information technology, organizations and individuals are increasingly faced with the threat of violations of intellectual property rights, with unfair competition among companies and other problems in the field of protecting the rights and interests of intellectual property owners. In this regard, the protection of the rights and interests of intellectual property subjects comes to the fore.

Conference start: **7.00 - 10.30 (CET time)**.

Speakers will be:
