- Regulation "On economic standards and requirements mandatory for commercial banks of the Kyrgyz Republic";
- Regulation "On corporate governance in commercial banks of the Kyrgyz Republic";
- Regulation "On minimum requirements for market risk management in commercial banks and other financial and credit organizations licensed by the National Bank of the Kyrgyz Republic".

- The need to publish information on corporate governance on the official websites of commercial banks;
- The need to introduce the concepts of "banking portfolio" and "trading portfolio" and the provisions on interest rate risk management by the bank in the Regulation "On minimum requirements for market risk management in commercial banks and other financial institutions licensed by the National Bank of the Kyrgyz Republic".
