The authorization of PTT for delivering the documents with “apostille” to recipients

According to the law, PTT will be authorized to deliver the foreign official documents with apostille granted by competent bodies to recipients or electronically sending the documents with e-apostille to recipients.

PTT will be in service in taking the request of the documents with e-apostille, confirming the identification of the one who requests them, determining and collecting the fee, delivering the documents with e-apostille granted by the competent authorities to the one who requests them and interrogating the confirmation of the documents.

However, while PTT performs the agency services, the documents with e-apostille will not be stored in any kind of system or storage in order to make sure of the safety and confidentiality of the personal data.
