- ▶ Advising a group of local investors with certain regulatory and licensing requirements for operating a hydroelectric power plant;
- ▶ Consulting a major Armenian development enterprise in the course of development and construction of a modern residential complex in Yerevan city;
- ▶ Consulting a major mining enterprise in the process of application for acquiring several construction permits necessary at the initial stage of mine development;
- ▶ Advising a construction enterprise on the case-specific issues arising out of the Armenian Government approved procedure of legalization of illegally constructed structures in Armenia;
- ▶ Representing a construction corporation in the court dispute against a subcontractor in breach of a contract with a total amount at controversy exceeding USD 3 million;
- ▶ Representing an international gold mining company in the court dispute stemming from the non-execution of a subcontract by the counterparty.

Azerbaijan

- ▶ Advised and supported the acquisition by a foreign investor of a controlling participatory interest in a large service company in Azerbaijan;
- ▶ Achieved the repayment of USD 80,000 of debt owed to the local Branch of international power supply company;
- ▶ Advised an international transportation & infrastructure company regarding various aspects of business law in Azerbaijan.

Belarus

- ▶ Legal support for the allocation of a land plot for the construction of a shopping center in Vitebsk, its construction, and the settlement of compensation issues with the individuals whose residential buildings were to be demolished for construction purposes. Subsequently, the project was sold to the largest retail network in Belarus;

- ▶ Legal support for the allocation of a land plot for the construction of a shopping center in Minsk region and the construction of the facility, including the issues of: choosing the location of the land plot and the additional land plot, its allocation for construction, obtaining the construction permit, construction with engagement of funds of equity holders, state registration of the real estate property;
- ▶ Legal support for investors' interests in the process of the conclusion of the investment agreement with the Republic of Belarus and the allocation of a land plot for the construction of a shopping center in Mozyr, including coordination with the Gomel Regional Executive Committee to conclude the investment agreement and additional agreements thereto, legal support of allocation of the land plot, collecting permits, concluding and performance of contract agreements, etc.;
- ▶ Legal support for the investor during the implementation of a project to construct a plant for the production of liquefied petroleum gas, including coordination work with the Mogilev Regional Executive Committee on the conclusion of the investment agreement and additional agreements thereto, advising on the issues of conclusion and performance of construction contract agreements, of the procedure for filing claims to contractors, the support of contract works;
- ▶ Legal support for the implementation of an investment project for the construction of three administrative buildings in the Zheleznodorozhnaya street in Minsk (legal support for the regulation of land relations, namely, the allocation of the land plot, the changing of its borders, the changing of its purpose, its transfer to the partnership of owners, contract relations with equity holders);
- ▶ Elaborating on the concept and the plan of action for resolving a dispute between the developer and participants in a shared construction regarding the titles for the car parking lot erected during the construction of a building. As a result, the state registration of the car parking lot as the property of the developer was recognized invalid by the court, the land plot was provided to the partnership of owners, and the equity holders obtained the possibility of using the car parking lot for 30 parking bays;
- ▶ Advising on making investments in the construction of mushroom production facilities, the due diligence of a Belarusian company, support for the investor's acquisition of shares in the company and the conclusion of the SHA between the members – the investments were raised, the construction was completed, the works for the startup of production are being performed;
- ▶ Representation of the interests of an international group of companies when concluding a casino lease agreement at the Renaissance Minsk hotel, legal support for the development of design documentation (coordination of conditions for obtaining permits from the owner, support for the conclusion of contracts for adapting the concept developed by the international consultant, and the development of specialized sections of design documentation) and the implementation of construction and installation works (support of the work on the conclusion of supply contracts) – the casino was launched;
- ▶ Legal support for a Belarusian developer, a resident of the Minsk FEZ (advising on taxation issues, including those connected with activities in the FEZ, land relations – changing of borders of land plots, changing of their purpose, obtaining construction permits, concluding agreements with investors);
- ▶ Representation of the interests of a foreign investor in the course of the acquisition of a major production base by

purchasing a Belarusian legal entity with a preliminary DD, legal support for further reconstruction of that base (the obtaining of permits, the conclusion of contract agreements for development of design documents, the supply agreements for structures and materials);

- ▶ Representation of investors' interests in the acquisition of a land plot in the central part of Minsk by purchasing a Belarusian legal entity (the land user) with a preliminary DD and the structuring of the deal for further implementation of a business center construction project. The business center was built and is being operated;
- ▶ Representation of the interests of a purchaser of a mortar-concrete unit for the production of high-quality concrete from a bankrupt owner (negotiating with the crisis manager, representatives of the bank as the main creditor, agreeing on the terms of the deal between the seller, the creditors and the bank, verifying compliance with the procedures for deciding on disposal of property, ensuring that prices are reduced in accordance with the law, support of conclusion of the agreement, state registration of the agreement and the transfer of ownership rights);
- ▶ Representation of the interests of a Latvian client investing in construction projects in Belarus (review of design and cost estimate documents for projects in Minsk, support of conclusion of agreements on shared participation in construction, ensuring the registration of the operating company and its current management, drafting of documents for entering of the investor, construction monitoring up to the commissioning of the building);
- ▶ Structuring a deal for the acquisition of premises that belonged to a state-owned company, including advising on corporate risks, ensuring the compliance of the deal with the law, coordinating the deal with government bodies;
- ▶ Advising on the possibilities and the procedures for transferring part of a land plot together with the objects located on it from a state-owned enterprise to a client without an auction or other similar procedures stipulated by the law. Developing two options for the implementation of the project with a risk assessment, the preparation of a detailed action plan;
- ▶ Advising on the feasibility of reconstructing a building which was jointly owned by numerous owners, by adding an additional floor. The preparation of a reconstruction plan approved by the city authorities, which provided for the issue of permits, as well as preparation of a package of documents for collecting the consent of each of the co-owners of premises in the building;
- ▶ Legal support for the acquisition of a group of companies specialized in supplying infrastructure, industry and logistics solutions for the agro-industrial complex (oilseed processing). The M&A deal was associated with high risks, and, according to our recommendations, the client decided to purchase the plant as real estate property and equipment separately. The work consisted of structuring the deal, drafting the real estate sale contract and other agreements which allowed the property to be purchased without the suspension of production activities, obtaining consent for the deal from the Ministry of Antimonopoly Regulating and Trade of Belarus;
- ▶ Representation of a client's interests in the acquisition of real estate property when implementing an investment agreement with a state-owned enterprise for the reconstruction of historical and cultural values. Reviewing the draft contract for reconstruction with subsequent registration of the premises in the building of historical and cultural value as ownership of the investor for the possibility of conclusion and feasibility of such contract. Developing amendments to the draft contract with the inclusion of conditions that were more acceptable to the investor;
- ▶ Representation of the interests of a client who performed construction activities in Ghana (Africa) during negotiations,

the development of documents for the settlement of disputes, satisfying the claims of customs and tax authorities in connection with returning of machinery and equipment to the Republic of Belarus.
