GRATA International has awarded scholarships to students at Al-Farabi Kazakh National University

On October 21, 2023, the library of Al-Farabi Kazakh National University hosted an annual scientific conference on the topic: "Constitutional development of Kazakhstan as a democratic state: theory and practice" in honor of the renowned scientist, academician Sartayev Sultan. The Faculty of Law at Al-Farabi Kazakh National University invited Kazakh scientists, government and political figures to the conference, which aimed to commemorate the scientific legacy of Sultan Sartayev.

Sultan Sartayev was a prominent statesman whose role in the establishment of sovereign Kazakhstan and the creation of the country's first Constitution was invaluable. Academician Sultan Sartayev made a significant impact on the field of legal science and training of Kazakhstani lawyers.

In anticipation of Republic Day, the Department of Theory and History of State and Law, Constitutional and Administrative Law at the Faculty of Law of KazNU organized a competition among law students for the best essay on the scientific legacy of Academician S. Sartayev. As part of the conference, **GRATA International Law Firm** awarded scholarships to six winning students for their outstanding essays. Such events highlight the importance of scientific and educational work and cooperation between universities and legal organizations in advancing the field of law in Kazakhstan.

GRATA International maintains close cooperation with numerous universities and higher education institutions in Kazakhstan, contributing significantly to the development of the legal profession in the country. We extend our gratitude to the Faculty of Law at Al-Farabi Kazakh National University for this event and express our hope that our cooperation remains long-term and fruitful!
