GRATA International representative in Dubai, UAE

GRATA International law firm continues to expand its capabilities and, from October 2019, GRATA will be operating in Dubai, UAE, through its representative Samat Daumov, partner of GRATA International.

Establishing a presence in the economic centre of UAE is a new phase in implementing GRATA's strategy for the development and enhancement of global coverage.

Samat Daumov, Partner: *"Dubai is of great interest to us. The opening of a representative office in UAE will open up new opportunities and prospects for business development. It will enable us not only to effectively coordinate the projects and operations of our clients in UAE but also to keep track of the latest updates and trends on global markets. Another key factor for us is Dubai International Financial Centre. DIFC successfully operates in Dubai, and as you know Astana International Financial Centre was modelled after DIFC's best practices, which is important for us as our team has been very active in AIFC matters.*

We also think that the upcoming EXPO 2020 Dubai, which is expected to attract 25 million visitors, will be the gates to new markets and it will provide all companies with the opportunity to build relationships with countries, organisations and large corporations."
