GRATA International Uzbekistan participated in the Mining and Metals Industry Development Conference (MMIDC 2023)

On 21 June 2023 the Mining and Metals Industry Development Conference (MMIDC 2023) was held in Tashkent, Uzbekistan. The conference was organized by the Ministry of Mining Industry and Geology, the World Bank and the Ministry of Economy and Finance.

Bakhodir Jabborov, Managing Partner of GRATA International Uzbekistan, has moderated the New Legal Framework for Mining: What Changes? panel session at the conference.

The conference brought together the key players in the mining, metallurgy and related fields and focused on the current

developments in the field of gold, copper, ferrous, rare-earth metals, uranium and coal exploration, mining and processing, as well as the manufacturing machinery for the mining industry, and digitization in mining and ESG.
