In Uzbekistan the Free economic zone "Andijan-farm" was established

In Uzbekistan the Free economic zone "Andijan-farm" was established

A government resolution was adopted on measures to organize the activities of the Andijan-farm free economic zone.

The free economic zone "Andijan-farm" was formed in the form of a state-owned unitary enterprise with a staff of 5 people.

The resolution approved territories included in the FEZ, the structure of the "Directorate of the free economic zone" Andijan-farm " and the Charter of the Directorate of the free economic zone "Andijan-farm".

In accordance with the Charter, the main goal of the Directorate's activities is to ensure the implementation of state programs for the development of free economic zones, as well as to make a profit from providing services to the participants of free economic zones and performing other activities stipulated by the articles of association.
