On the extension of the pilot project for marking certain types of goods by means of digital identification

In order to effectively conduct a pilot project for labeling certain goods with identification means before the date of the introduction of mandatory marking with an excise duty stamp and/or identification means on the territory of the Kyrgyz Republic, by Resolution of the Cabinet of Ministers of the Kyrgyz Republic dated March 3, 2023 No. 125, it was introduced from January 1 to December 31, 2023 in a pilot (experimental) mode of labeling goods with identification means in accordance with the attached List and approved the Temporary Regulations on voluntary labeling of goods with identification means as part of a pilot project.

The authorized tax body and the authorized body in the field of customs are determined by the bodies responsible for the implementation of the pilot project.

The mechanism for digital administration of excise tax on excisable goods subject to mandatory and/or voluntary labeling by means of digital identification in the territory of the Kyrgyz Republic, previously introduced in a pilot (experimental) mode, has been extended until June 30, 2023.
