The best investment proposals of investors to be placed on the territory of modern business centers “Business city”

The best investment proposals of investors to be placed on the territory of modern business centers “Business city”

The Government of Uzbekistan approved the Regulation on the procedure for selecting the best investment proposals of investors for placement on the territory of modern business centers “Business city” and providing them with land plots.

In accordance with the regulations, territorial khokimiyats will submit to the Government proposals on the creation of “Business city” centers in districts and cities.

The relevant government secretariat will review the proposal with interested authorities within 10 days and submit information to the Prime Minister.

Based on the positive conclusion of the Government, the territorial khokimiyats will organize the construction and use of the “Business city” centers for 3 days.

The Directorate announces a competition for the placement of the best offers of investors in the “Business city” centers.

With investors whose proposals were accepted, a deal is concluded and the project is implemented.
