The Lawyers of GRATA International have successfully accompanied the re-domicile of one of the largest mining conglomerates in the world to the AIFC.

GRATA International Partners [Mr. Baizhan Bekzhanov](#) and [Mr. Maxim Burak](#), as well as Counsel [Ms. Aruzhan Aimak](#) delivered legal support under Kazakh law during the relocation of a large gold mining company from Jersey island (the UK Crown Dependency) to the jurisdiction of the Astana International Financial Centre ([AIFC](#)).

It is a reminder that the re-domicile is a unique opportunity for a company to "move" from one country to another without liquidation, transfer of assets, or termination of its contracts. Importantly, for the purposes of the re-domicile, such a procedure must be permitted by the laws of both "*donor*" and "*recipient*" countries. Re-domicile is not allowed under regular Kazakhstani legislation but is available in the [AIFC](#).

The project is the first case of relocation of a listed company and the third case of re-domicile to the [AIFC](#). Congratulations to our colleagues and welcome the company to the new home!
