GRATA International Belarus took part in the webinar «Lawyer in the field of construction»

On March 27, 2020 an online webinar “Lawyer in the field of construction” was held, where the experts raised important topics regarding the main difficulties in construction:

- putting the facility in operation,
- conservation of the facility and construction in progress,
- transfer of property from residential to non-residential fund,
- joint construction activities through a simple partnership agreement.

Partner Maxim Lashkevich spoke about the acceptance of construction projects in operation and what lawyers need to pay attention to in connection with the topics mentioned above.
