Changes have been made to certain legal acts in the field of renewable energy

Profit from activities of new producers of electric and thermal energy, gas and renewable fuel in gaseous state, liquid biofuel obtained as a result of use of renewable energy sources within 5 years from the moment of commissioning of property objects of power plants on the basis of use of renewable energy sources is exempt from taxation.

Specialized goods and equipment intended for construction of power plants based on renewable energy sources imported to the Kyrgyz Republic are exempt from VAT.

The law comes into force after 15 days from the date of official publication. Published in the newspaper "ErkinToo" on July 30, 2019 N 63.
