Yerbolat Yerkebulanov spoke on “Novelties in the Subsoil Code for Petroleum Subsoil Users”.

Yerbolat Yerkebulanov spoke on “Novelties in the Subsoil Code for Petroleum Subsoil Users”.

On 19 April 2018, Yerbolat Yerkebulanov, partner of GRATA International (Subsoil Use Dept.) spoke on “Novelties in the Subsoil Code for Petroleum Subsoil Users”.

During the 2-hour presentation and discussion the following issues were considered: transitional provisions of the Subsoil Code for current subsoil users, procurement under the stabilised contracts, project documents, obligations and liability of subsoil users, liquidation of consequences of subsoil use operations, etc.

The meeting with 104 attendees was organised by Almaty section of SPE (Society of Petroleum Engineers).
