Navoiy

Navoiy is a real oasis in the steppe. It is one of the youngest cities in Uzbekistan. The city has great economic value, and it is a large industrial center of the western part of Uzbekistan. One can observe that the city has become a kind of outpost for the reclamation of desert land.

Recently, Navoiy has become one of Uzbekistan's leading industrial centers. This is thanks to various businesses flourishing in the city; for instance, the Navoiy Mining and Metallurgical Plant, which produces gold, the 'Navoiyazot' JSC, specializing in the production of mineral fertilizers, ammonia and artificial fiber, nitron, as well as an electrochemical plant. Among other things, there is Navoiy's TPP, which is the largest in Uzbekistan, 'Kyzylkumcement' JSC, and many other significant industrial facilities.

Recently Navoiy has become the first full-fledged free zone in the CIS – a FEZ (Free Economic Zone).

One of the main objectives of the regional branch of GRATA International in the city of Navoiy is the legal support of national and foreign companies which are involved in business activities in Navoiy, Bukhara and Samarkand regions. The opening of GRATA International's regional branch in Navoiy provides business enterprises of within the city and its neighboring regions with access to high-quality legal services in the countries serviced by GRATA International.
