The main changes in the financial legislation of Kazakhstan in January - May 2023

At the beginning of the 2023, the process of making important amendments to the financial legislation of Kazakhstan continued.

For the first time in the history of Kazakhstan, the law on digital assets was adopted, aimed at creating a legal framework for the development of activity for the issuance and turnover of digital assets and digital mining in the Republic of Kazakhstan. In addition, for the first time, amendments were made to the legislation of Kazakhstan, according to which, if the creditor (creditors) are unable to satisfy the claims of an individual who is not an individual entrepreneur, procedures for restoring solvency, extrajudicial or judicial bankruptcy are applied.
